Monthly Peer Calls

January
7th 2018
10am

February
11th 2018
10am

March
11th 2018
10am

2018 FIDELITY REVIEWS

As we are coming to a close on 2018 we are pleased to announce that we have 20 high fidelity Act teams across the state at the end of the 3rd quarter, and this number is rising as we continue on through quarter 4. We wanted to thank all of those teams for the hard work that they have put fourth this year in providing a high quality service to ACT participants throughout the state.

Progress Report: State-wide Implementation of ACT in Oregon

Our sister organization the Oregon Supported Employment Center of Excellence hosted their annual conference on October 3rd & 4th at Mount Hood. The conference was a huge success with over 250 in attendance. With many of those in attendance also being members of ACT teams. We wanted to take time to thank those who attended the conference.

We also wanted to take this space to share The IPS-ACT Guide. This guide is an outline of how ACT services and IPS services can work together. It touches on topics related to Engaging ACT Service Recipients in Work or School, Models of Supervision for ACT IPS Specialists, and how to Develop a Culture of Work. This information and much more can be found by clicking the link below.

Reshaping the Technical Assistance Call

For the past year the OCEACT Monthly Technical Assistance call has been centered around the specialists on ACT teams. As 2018 comes to an end we have decided to change the format of this call. Rather than having topics directed towards specialist on your teams we are going to have topics that will be more general and related to every member of the team. The call will still take place the second Tuesday of every month with two opportunities to call in. One call from 10:00

Director of OCEACT:

am- 11:00 am, and the other taking place between 3:00pm- 4:00pm.
You can find are schedule with topics on this email.

One of the main services that OCEACT can provide to ACT teams is providing trainings in evidence based practices. Below you will find a list of trainings and a brief description of the training.

ACT in Action- The ACT in Action training is a one day training offered by OCEACT where your team will learn the basics of ACT. We will cover everything from the history of ACT, the make up of an ACT team, and the steps of implementing ACT.

Enhanced Illness Management and Recovery (EIMR) -The EIMR training is a one and a half day training that focuses on the EIMR material and how to implement it in one-on-one sessions and in groups.

Cognitive Behavioral Social Skills Training (CBSST) - The CBSST training is a half day training that focuses on the tools needed to implement CBSST and how it fits in with other modalities that your team is currently using.

If there is a training you would like to receive, or if there is a training that is not listed above that you would like to learn more about, please contact a member of the OCEACT staff.
