 - i. This refers to when an ACT agency cannot provide ACT services because there are no funding sources identified or available.
 - b. Decision Rule added to Psychiatric Hospitalization
 - i. If an individual gets hospitalized in an acute medical hospital for a medical reason due to active substance use, then report the hospitalization as a psychiatric hospitalization. NOTE: if the individual goes to a substance use inpatient treat

- II. OAD Issues and Troubleshooting Solutions
 - a. OAD is working too slow, often timing out and taking 3-5 minutes to switch between pages and save data. Export feature doesn't work for everyone
 - b. Aid and Assist in the Referral Report is not exporting to match what is being entered in the site.
 - c. OCEACT is working with programmers to resolve these issues. There is a priority on speeding up the site and making it more usable.
